Editor's Note:

Thanks to all who helped with any updates, info, gossip and news. Sorry for any errors, in spelling or accuracy along the way! Good luck to all with the World Cup and I'll see you at morning check in. Tess ;)

Please remember to recycle in the Beer Tent! Let's keep these races sustainable! It's the Weasel thing to do.

Report from Owen Carney...

What a great 12 days of races and effort from all Weasels! Thank you to everyone who has been able to contribute to the Pontiac GMC Canadian Nationals. You've all done a terrific job and you are very much appreciated.

The 2 year countdown to the 2010 Olympics is on!

Don't forget to sign up with the Workforce Crew for your World Cup orientation at morning check in. While at the orientation you will have the ability to sign up as a 2010 Games Volunteer.

Job well done Weasels!

As of February 14th the Creekside underground parking lot will have an attendant checking that any vehicles carrying World Cup volunteers has at least 3 people per car. Please organize your ride now to avoid any issues at the parking lot.

The Volunteer Recognition Program was created to thank all Weasels for their valuable time and efforts. Please note the following to know when you are eligible to receive your package:

If you work 5 days of the Canadian Nationals between January 30th and February 13th you qualify for the Karbon Poncho.

If you work 4 days of the World Cup between January 30th and February 24th you qualify for the World Cup Jacket.

Distribution of the World Cup Jackets will commence on February 14th. Those leaving before February 14th can complete a form for the coordination of obtaining your jacket. Forms can be found in the Beer Tent or at morning check in.
