That sudden rush of cold air you may have noticed Friday was Hell freezing over... Bob Miller promised to buy the beer at Dusty's for a meeting of the Chiefs and Coordinators. Although the offer was presented it would appear the meeting did not happen at Dusty's at which point the cold snap ended.

All Weasels are loading at 6:45 am!

Report from Ozie...Great work by all Weasels to get the Women's Downhill race off today! The weather held and a Men's Downhill training run was also completed. There was minimal track repair following the racers finished which has left things in great shape for Saturday's Men's Downhill race.

Thanks to Patman for bringing the fine weather and his refreshed legs to the races.

Attention Weasels (Really this is only for Gary Taylor)... Please remember there is absolutely no parking in, on, around the Timing Flats ;)

Larisa Yurkiw (Owen Sound, ON) Friday's Pontiac GMC Canadian Championships Ladies downhill race in a dominant fashion to capture the first national title of her career! "This means a lot to me. To win a race is great wherever you are but at nationals, here in Whistler on the Olympic track, it's the best feeling," said Yurkiw, who came to the national championships clearly on a roll this season having three Coupe Nor-Am Cup wins and leading the overall standings on that race series. "All of the Whistler Weasel Workers and course crew did an amazing job considering the snowfall that they have had to deal with over the last few days. The track was really consistent and the conditions overall were great," Yurkiw said.

Reminder: A Celebration of Kathy Barnett's Life will be held Sunday, February 10th at 3 pm in the Grand foyer of the Telus Conference Centre.
